

Rehoming Resources

If you need to find a new home for your pet, the Humane Society of Warren County can help get the word out with a courtesy post.

If you would like a courtesy post, please send a picture of your pet and detailed information including: name, breed, age, sex, spay/neuter status, to info@humanesocietywarrencounty.org.

We encourage you to provide as much information as possible on your pet's temperament. Information on how your pet gets along with other animals and children is also helpful.

Please include a phone number or email for us to include in the courtesy post. Potential new families will be instructed to contact you directly.

The following websites will also allow you to post your pet and connect with potential adopters:
